<b>Basis of Authority</b>	Approved By:

The Board of Directors of the West Contra Costa Healthcare District is the unit of authority within the District. Apart from their normal function as a part of this unit, Directors have no individual authority. As individuals, Directors may not commit the District to any policy, act or expenditure. Board members do not have individual authority over hiring, discipline or other employee matters.

Directors do not represent any fractional segment of the Healthcare District, but are, rather, a part of the body which represents and acts for the Healthcare District as a whole.
